
Dear Customer,

Thank you for ordering the "Bridge for SWIFTNet" feature of the product IBM WebSphere Business Integration for Financial Networks Version 2.2. This document contains the code you will need to activate this feature.

Your feature activation code is: **S4LAWI2M**

You will need to specify this code during product customization. The customization procedure, including when and how to specify this code, is described in the product's "Planning, Installation, and Customization" manual, which can be downloaded from the following Web site:

- <http://www.ibm.com/software/integration/wbifn/library/>

You can find additional information on the WebSphere BI for FN Web site:

- <http://www.ibm.com/software/integration/wbifn/>

Again, thank you for ordering this feature. We truly hope that it satisfies your requirements.

Sincerely yours,

International Business Machines Corporation
